

Sandra Arvin has been Office Manager of Interfaith Wellness Ministry since April 2014. She came to IWM with over 25 years' office experience working for both Eastern Kentucky University and Estill County High School. Along with her other talents and gifts, Sandra's invaluable proficiency with organizational skills, expertise in bookkeeping, payroll, tax preparation and database management prepared her well to keep Interfaith Wellness Ministry running smoothly.

Sandra has always loved working with and helping children and says one of her blessings is that this job allows her to continue doing so. She enjoys our collaboration with the local Housing Authority, Food Bank, Day Care and the Estill County Board of Education among others to provide education and health services to the citizens of Estill County, Kentucky.

Sandra's grandson Jaxson has been a model youth-volunteer for Interfaith Wellness Ministry since 2014.
